

timbermax

New to our Mitchelton tile showroom in Brisbane is 'Timbermax'. This range of timber-look porcelain floor tiles is designed & manufactured in Italy using advanced high-definition digital printing techniques. Available in 4 colours and 2 finishes (R11 external & Matt-internal finishes), Timbermax is produced in 2 sizes: 200x800mm & 130x800mm. With the goal of faithfully re-producing natural wooden flooring in porcelain, Timbermax has achieved the ultimate level of authenticity – and unlike natural timber, these tiles never need coating and won't warp. They are ideal for both commercial and residential applications. Talk to us today about Timbermax – seeing is believing!
