

# cementrix series

Cementrix series is a new state-of-the-art floor tile collection of 3 natural looking concrete tones: **Grigio, Blanco and Sabbia**. This Italian-made porcelain series gives a near-perfect impression of formwork-impressed cement, complete with its subtle wood-grained finish. This unique, vintage-look surface is perfect for commercial & residential projects alike and the colours may be used individually, or combined. The size format is also unusual being a 300x1200mm 'plank'.
