## Fixing & Finishing

**Before fixing please ensure that:**

- 1) Product quality is acceptable.
- 2) Glaze colour and shading is acceptable.
- 3) Substrate materials are used in accordance with manufacturers instructions.
- 4) Flexible adhesives are recommended and used in accordance with the manufactures instructions.
- 5) Waterproof grout is used.

**NB:** Failure to observe these recommendations may result in no claim against the failure after the product is used. All ceramic tiles are subject to tone variations from batch to batch. No ceramic tiles are guaranteed against crazing.
